

What they loved most about their wedding:

"Wearing a wedding dress from Coral Gables that was purchased just a couple of miles from my childhood home and custom-designed added a touch of personalization. It was a like having a piece of South Florida with me throughout the night. The necklace and earrings that coordinated with the dress were designed by, and a wedding gift from, my childhood best friend and bridesmaid, Melissa Minton of www.mintgems.com.

The first dance photo is my favorite, and the song that we danced to, 'Meant to Be' by the Squirrel Nut Zippers, suited us perfectly. We took a risk of having the band learn a new song just for us, and it was one of the highlights of the evening for us."
